

Table Of Contents

| | |
|---|------------|
| Author Biographies | <i>VII</i> |
| Introduction | <i>IX</i> |
| Using This Book | <i>X</i> |
| Section I - Dialogue Abstracts - Finding What You Need | <i>1</i> |
| Section II - Using Dialogues in the Classroom | <i>13</i> |
| What Are Dialogues? | <i>13</i> |
| Using Dialogues in the Classroom - What For ? | <i>15</i> |
| How To Implement Dialogues in Your Classroom | <i>25</i> |
| ■ Read & Act Out in Class | <i>25</i> |
| ■ Assign Reading as Homework | <i>27</i> |
| ■ Assisting Language Learners or Poor Readers - Reading & Listening Along With mp3's | <i>27</i> |
| ■ Assessing Learning - Having Students Write Dialogues | <i>28</i> |
| Teacher Tips For Using Dialogues | <i>30</i> |
| The Benefits of Using Dialogues in Your Classroom | <i>31</i> |
| Guidelines and Suggestions for Writing Your Own Dialogues | <i>32</i> |
| Section III - The Dialogues | <i>35</i> |
| 1 Measurement and Lab Safety | |
| 1.1 Skip and Chip Do Something Significant - Part 1 | <i>37</i> |
| 1.2 Skip and Chip Do Something Significant - Part 2 | <i>39</i> |
| 1.3 Jib and Jab Talk Lab Practices To Improve Their Game | <i>41</i> |
| 1.4 In Da Lab With Whiz and Bang | <i>43</i> |
| 2 Matter | |
| 2.1 Reaction Trip to Property Park With Whiz and Bang | <i>45</i> |
| 2.2 Mass Versus Weight | <i>49</i> |
| 2.3 The Changing State Of Matter | <i>51</i> |
| 2.4 Gases Have Masses | <i>53</i> |
| 2.5 Identifying Heterogeneous vs Homogeneous | <i>55</i> |
| 2.6 Ice Formation On Lakes | <i>58</i> |
| 2.7 Skip and Chip: Put your Tongue on the Flagpole? | <i>60</i> |
| 2.8 Water Surface Tension | <i>62</i> |
| 3 Atomic Structure | |
| 3.1 Skip and Chip Are Professional Atom Talkers | <i>65</i> |
| 3.2 Skip and Chip Try Some Modeling | <i>67</i> |

| | | |
|-----------|---|-----|
| 4 | Periodic Table | |
| | 4.1 Elementtown | 69 |
| | 4.2 Biff and Baff Calculate Mass - What? | 72 |
| 5 | Chemical Formulas - Nomenclature | |
| | 5.1 Jib and Jab Offer Tips For Naming Formulas | 74 |
| | 5.2 Jib and Jab Encounter the Acid Wash | 76 |
| | 5.3 Jib and Jab Find the Formula | 78 |
| 6 | The Mole | |
| | 6.1 Zip and Zap Converse About Avogadro's Number | 80 |
| | 6.2 Whiz and Bang Marvel at Moles | 82 |
| | 6.3 Riff and Raff and the Perfect Percent Composition of Pizza | 85 |
| | 6.4 Itsy and Bitsy Count on Empirical Formulas | 88 |
| 7 | Chemical Reactions | |
| | 7.1 Skip and Chip Keep Their Distance | 90 |
| | 7.2 Single vs Double Replacement Reactions - The Sherry Jinger Show | 92 |
| 8 | Stoichiometry | |
| | 8.1 Riff and Raff Get Stoiched About Stoichiometry | 94 |
| | 8.2 Criss and Cross Get Limited By Their Reagents | 97 |
| | 8.3 Counting Atoms in a Balanced Equation | 99 |
| | 8.4 The Why to Stoichiometry: An Enlightening Experience | 101 |
| 9 | Chemical Bonding | |
| | 9.1 Let's Get Romantic | 103 |
| 10 | Molecular Structure | |
| | 10.1 Riff and Raff Clean Up the Difference Between Ionic and Molecular | 105 |
| | 10.2 Ying and Yang Fill Their Orbitals | 108 |
| | 10.3 Biff and Buff Discuss Ion Formation - Part 1 | 110 |
| | 10.4 Ion Formation - How Does It Lose An Electron? - Part 2 | 112 |
| 11 | Gas Laws | |
| | 11.1 Jib and Jab - Full of Hot Air? | 114 |
| | 11.2 Gas Laws and How A Straw Works | 116 |
| | 11.3 Tiff and Tuff - Recycling Center and Dangers of Compressed Gases | 118 |
| | 11.4 Using the Gas Laws Formula: Determining Relationships Among Variables. | 120 |
| | 11.5 Combined Gas Law Conference | 122 |

| | | |
|-----------|---|------------|
| 12 | Solutions and Colloids | |
| | 12.1 Skip and Chip Talk About Solutions, Suspensions and Colloids | 125 |
| | 12.2 Jib Waters Down the Fun | 127 |
| | 12.3 Riff and Raff Get Saturated | 129 |
| | 12.4 Solutions, Suspensions and Colloids | 131 |
| | 12.5 Concentrations - Why So Many Different Types? | 133 |
| | 12.6 Riff and Raff Get Creative with Colligative | 136 |
| 13 | Reaction Rates and Chemical Equilibrium | |
| | 13.1 Riff and Raff Find Their Equilibrium | 138 |
| 14 | Thermodynamics | |
| | 14.1 Zip and Zap Argue Over Entropy | 141 |
| 15 | Acids and Bases | |
| | 15.1 Strengths of Acids and Bases | 143 |
| | 15.2 Acids, Bases and Salts - Oh My! | 145 |
| | 15.3 Acids In Our Body and Beyond | 148 |
| | 15.4 Quick! Get the Base! | 151 |
| | 15.5 Riff and Raff Get Titrated | 154 |
| | 15.6 Acid/Base - Strength vs. Corrosiveness | 157 |
| 16 | Oxidation and Reduction | |
| | 16.1 Zip and Zap Sport Spontaneous | 159 |
| 17 | Nuclear Chemistry | |
| | 17.1 Quinn and Finn Nuke Some Snacks | 161 |
| 18 | Organic Chemistry | |
| | 18.1 Whiz and Bang Sing About Functional Groups | 163 |
| | 18.2 That's Not Plastic, It's a Polymer! | 166 |
| | 18.3 VOC's Take Over the Library | 169 |
| 19 | Chemistry Literacy in Today's World | |
| | 19.1 Skip and Chip Contemplate Alternative Fuels | 172 |
| | 19.2 Ban Chemicals Now! | 176 |
| | 19.3 Catching More Fish Than Mercury | 178 |
| 20 | Student Generated Dialogues | |
| | 20.1 Bryce and Michel Muse About Molar Mass | 181 |
| | 20.2 What's So Wondrous About Water? | 183 |
| | Section IV - Science Dialogues & Teacher Decision-Making | 185 |
| | References | 198 |
